PROFILE

I am working to build my career as a software engineer and deepen my experience in coding.

I am known as a diligent and independent worker, and willing to consult and seek advice when needed.

Adaptable to new situations, and able to pick up new tasks quickly. When working within a team I am forward thinking, can remain calm in stressful situations, and always helpful and supportive to co workers.

Accountability and opportunities to learn are key personal values

SKILLS

HTML, CSS, JavaScript, Node, MySQL, Python, Agile Development, Document Object Model (DOM) API's, Web API's, User Authentication, OAuth, Heroku, Jest, React, Node.js, Ruby, Rails, Google Analytics, GitHub, SolidWorks, AutoCAD
